Rain Ready. Drive Steady.
If your wipers are leaving streaks instead of a clear view, it's time for a replacement.
Because guessing what's ahead isn't a driving strategy.

CHECK TYRE HEALTH

Good tread depth and correct tyre pressure improve grip on wet roads and reduce the chances of skidding. Use the Tyre Tread Wear Indicator (TWI) to check the tread depth

LIGHTS MATTER

Check your headlights, tail lamps, and fog lamps before the rains arrive. Visibility isn't just about seeing—it's about being seen.

Keep an umbrella, torch, phone charger, microfiber cloth, and basic emergency contacts handy.
